**A Timely Homecoming:
Joseph Pennock's Tall Clock
Returns to Primitive Hall**

Join us as Wendy Cooper, Mark Anderson and Don Fennimore time-travel to the 1700s and back again!

This trio of experts will tell the centuries-old story of Joseph Pennock's tall clock, now back in Primitive Hall, its original home, more than two centuries after Pennock bought the time-piece for his new house around 1750.

The beautiful movement was made by clockmaker George Crow of Wilmington, and with its locally made walnut case, there's no doubt that it was a West Marlborough status symbol!

The evening will explore the clock's origins and makers, chart its travels, and tell of its return and restoration.

**Reception 6 pm
Lecture 7 pm
\$35 per person**

Recent Acquisitions

A most exciting acquisition is the subject of our lecture: the Pennock tall case clock. After it was deaccessioned by The Graystone Society, we are grateful that the National Iron and Steel Heritage Museum then donated it to the Hall.

Additionally, we recently were able to purchase at auction a very early daybed, also known in the 18th century as a "couch." This is a distinctively Chester County piece, and one that does not often become available, so it is a unique fit for the Hall.

Exterior Maintenance

The Hall's original 250-year-old bricks have some areas of deterioration. Over the past two years, we have been working to secure appropriate hand-made bricks and special mortar that can be used to make repairs on the east and west sides of the house. Work on this project will begin this spring through early summer.

Summer Concert

For the fourth year, balladeer Charlie Zahm and fiddler Tad Marks will treat friends to some great music outdoors in the Walnut Grove. Mark your calendars for the afternoon of August 26th and look for a mailing later with details.

Tour News

Primitive Hall docents continue to provide tours of the Hall. You can schedule a tour at PrimitiveHallTours@gmail.com or find out more information at PrimitiveHall.org.
